we print on Blankets that have already been sewn.
All edges on a sewn product vary. If you do choose to use
Artwork with a border, the border WILL be different in widths.

Preferred method of file printing: JPG 150dpi scaled to size of print and ready to print.
If you use Pantone color then it must be an eps file.

ALL Files MUST BE PRINT READY ART! We do not change or modify your art for printing.
If you require artwork modification or changes you must describe that to your sales person in writing.
