Artwork with a border, the border WILL be different in widths.

Preferred method of file printing: JPG 150dpi scaled to size of print and ready to print.
If you use Pantone color then it must be an eps file.
(if using Pantone colors you must purchase a color chart before printing to insure your colors are correct)
Do not use overprint or overfill in you artwork it may not print correctly.

ALL Files MUST BE PRINT READY ART! We do not change or modify your art for printing.
If you require artwork modification or changes you must describe that to your sales person in writing.
