18” x 24” YARD SIGN

If you have artwork that is different from
front to back please send in two files labeled.

There are two zones in this template.

1st is the Red Safe Zone - Which must contain everything you want to appear on the Yard Sign.
(anything outside the Red Zone may not appear on the Yard Sign)

2nd Zone is the Bleed Zone you must continue the background out to this zone

All Yard Signs will have a small white border along all edges of the sign

Preferred method of file printing: JPG 150dpi scaled to size of print and ready to print. If you use Pantone color then it must be an eps file. (if using Pantone colors you must purchase a color chart before printing to insure your colors are correct) Do not use overprint or overfill in you artwork it may not print correctly. **Hide this layer when saving!**

ALL Files MUST BE PRINT READY ART!
We do not change or modify your art for printing.
If you require artwork modification or changes you must describe that to your sales person in writing.

***** Use swatch below for a BLACK print or use values C=50, M=50, Y=50, K=100**

If other values are used, print may appear dark gray instead of black

If other values are used, print may appear dark gray instead of black
