

# 24" X 32" BENCH BUDDIES

## FILL ENTIRE BACKGROUND WITH PHOTO!

KEEP THE MAIN FOCUS OF THE BENCH BUDDIES PHOTO ABOVE THIS LINE

PORTIONS OF THE PHOTO BELOW THIS LINE MAY BE COVERED BY THE TYPE OF SEATING BENCH BUDDIES IS PLACED IN

### CHOOSING WHAT TO WEAR:

A shirt color on a same color background will make you look like a floating head.  
Wearing a hat too low will cast a shadow on your eyes and conceal your face.  
If you want to wear a hat, make sure there is a good source of light in front of your face.  
Team colors and jerseys are encouraged!  
If you wear glasses, try tilting or angling your face to avoid glare on your glasses. Avoid using the flash, as well.

### SELECTING A BACKGROUND:

Avoid backlighting -- don't stand in front of a window or a door with your back to them.  
Keep personal or private information off of the walls or objects behind you.  
For best results use a solid-color background -- use a sheet or blanket if you don't have a wall that will work.

### SNAPPING THE PICTURE:

Have someone else take your picture. Selfies don't crop well.  
Photos taken by smartphones should work as long as it is as large as possible. Don't compress it.  
Include some space around your head and shoulders so that your body is not chopped off.  
Stand 3-4 feet away from the camera/phone, and have the photo taken at your eye level.  
Photo should be taken in vertical (portrait) format.  
Holding a ball, foam finger, etc won't show up if it's beyond your shoulders.  
Pets and Products are also acceptable for print!

### CROPPING YOUR PHOTO:

Make sure your arms are inside the right and left edges of the frame.  
Crop so that the base of your neck is at the center of frame.  
For best results make sure you photograph everything from your mid torso and up!

### UPLOADING A PREEXISTING PHOTO OR SCAN OF A PHOTO:

Your image needs to be saved out FULL SIZE and at 150DPI. The cutout at full size is roughly 24 in by 32 in.  
Lower quality photos will have a soft/blurry/pixelated look to them when printed.  
Please include only 1 subject per Bench Buddies Print!
